M.Sc. Economics student at IIT Kanpur (**GATE Economics AIR 563**) with a strong foundation in quantitative methods, data-driven market analysis, and team leadership. Demonstrated ability to translate analytical insights into measurable outcomes, backed by hands-on entrepreneurial experience scaling a venture from **30L to 1 Crore** in assets.

Academic Qualifications

Year	Degree/Certificate	Institute	CPI/%
2025 – Present	M.Sc. Economics	Indian Institute of Technology Kanpur	6.17
2020 – 2023	Bachelor of Arts	Kanpur University	56.2%
2018 – 2021	Diploma in Mechanical Engg.	Lucknow Polytechnic, Lucknow	76.65%
2018	Class XII (UP Board)	Adarsh Public School	80.6%
2016	Class X (UP Board)	Adarsh Public School	84.5%

Note: BA (2020–23) and Diploma (2018–21) were pursued concurrently.

Scholastic Achievements

- Secured **All India Rank (AIR) 563** in the **GATE (Economics)** Examination – among the top 0.5% of all candidates nationwide. *Apr 2025*
- Achieved **99+ percentile in Physics** in JEE Mains – ranking among the top ~2,500 students nationally in the subject. *Apr 2023*
- Cleared **BARC (Bhabha Atomic Research Centre)** Examination in Mechanical Engineering. *Oct 2024*
- Secured **All India Rank (AIR) 270** in the Indian Air Force Entrance Examination. *Jan 2021*

Key Projects

Data-Driven Market Movement Analysis Personal Project	<i>Aug 2024</i>
- Conducted a fully quantitative study on NIFTY 50 and large-cap equities using a Markov Chain-based model to predict price movements, achieving 80%+ directional accuracy. - Enhanced the model by integrating macroeconomic indicators and financial information and applying Bayesian methods, improving robustness and increasing predictive accuracy to 90%+. - Performed systematic backtesting of 10+ technical patterns.	
KPI-Based Performance Evaluation System SPZ Solutions Pvt. Ltd	<i>Nov 2023</i>
- Designed and implemented a KPI dashboard in Excel to track the quantity of output, quality scores, and turnaround time. - Integrated conditional formatting, dynamic formulas, and automated alerts to flag performance deviations in real time – eliminating manual tracking overhead. - Created structured feedback loops with daily/weekly reporting, resulting in 20% growth in output within 3 months.	

Work Experience

Team Leader SPZ Solutions	<i>Aug 2023 – Jul 2025</i>
- Led a team of 8 delivering academic content solutions, consistently achieving 2,500+ problems/month at 95%+ accuracy – exceeding company benchmarks every quarter. - Introduced a structured <i>‘Problems Faced’</i> reporting system to capture recurring errors, enabling data-driven process improvements and reducing repeat mistakes by an estimated 25%. - Maintained team motivation through performance-linked incentives and continuous quality monitoring, sustaining high output during peak demand periods.	

Entrepreneurial Experience

Co-Founder Organic Poultry Farming Venture	<i>Feb 2023 – Present</i>
- Co-founded an organic poultry farming business. Scaled from a 30 lakh seed to 1 crore assets within a 3 year. - Achieved 32% Return on Capital Employed (ROCE) and 40% CAGR in revenue, driven by operational efficiency and integrated production. - Diversified operations by launching an egg production facility and a poultry health centre to hedge against seasonal disease risk and reduce third-party dependency.	

Technical Skills

- Programming:** Python (Pandas, NumPy, Matplotlib), C++, L^AT_EX
- Tools & Software:** Microsoft Excel (Advanced), Power BI, SQL, Google Sheets, Git, MATLAB
- Analytical Skills:** Linear Regression, Time Series Analysis, Data Visualization, Critical Analysis, Financial Analysis
